

**REPORT FROM THE DIRECTOR FOR MEMBERS WITH DISABILITIES, ATLANTIC  
TO THE REGIONAL COUNCIL - APRIL 2024  
GERRY FINNIGAN**

Friends,

Please accept my activity report as the Director for Members with Disabilities, Atlantic.

**Political Action** - Attended a counter protest against a Trans protest while in Montreal, attending the Equity Conference in October 2023. Also attended the Indigenous ceremony in the park while at the same conference.

**Human Rights** - Have been part of the workplace Accessibility Committee at the Pension Centre since 2022. Have been working on grievances for DTA and working with the employer to get the proper accommodations for members with disabilities. I have been attending all DM and ADM sessions asking for feedback regarding accessibility /accommodations and asking the difficult questions as to why LR making the process very difficult, thus spreading the word the government is not practicing what they preach.

**Regional Committees** - Helped get the Moncton Regional Human Rights Committee going again in January and was elected as Vice-Chair.

**Conferences / Education** - Participated and attended several conferences and education sessions since being elected in June 2023.
