

Report of the Non Treasury Board Director – Maritimes

April 2025 Council Meeting

Brian Oldford

As I write my report this time after the last council meeting, held in September 2024 as a full time RVP for one of the largest non treasury components of PSAC Atlantic.

In the last 6 months I've attended many meetings on the Return to the Office 3 days. This has caused a lot of grief for our members that dealing with stresses of returning to work additional days and finally at CRA a board has been set up to review grievances at the final level if they have not been resolved before.

Now we are facing term members that have terms being let go before the end of their term.

In my role as Director for Non-Treasury Board I have been involved in many duties on your behalf of the membership as follows:

I attended the CLC Political Action Conference at the end of February regarding the upcoming election.

In January I was able to attend the Area Council 1 AGM held at the PSAC office in Dartmouth.

I attended a NSGEU health and Safety meeting in the fall.

I also chaired a Health and Safety meeting on January 6th with regards to our upcoming Atlantic Health, Safety and Environment conference that's being held in Moncton June 5 to 7, 2025.

This Union will be facing large challenges with the upcoming Federal election and a possibility of a change of government.

We as union must be strong and work together to protect our collective agreements. We are going to be in for fight and must be united. If I can be of any help, please reach out to me.

In Solidarity,

Brian Oldford

Non Treasury Board Director – Maritimes
