

Report of the Director for Francophone Members
Caroline Morais Gregan
April 2025

Since our last meeting, I've spent a lot of time meeting members. I've attended several training sessions that PSAC was offering to introduce myself and explain our roles as council Directors. I've also taken this opportunity to promote French language education.

I completed the Union Leadership Development program in November and am very pleased with this learning experience. This course is definitely a must for Union Leaders!

I continue to be active with the Miramichi Regional Women's committee, the Area Council and my component. At our component's Regional Conference for Bargaining, I was elected to attend the National Bargaining Conference and represent the PA table members from the Atlantic region (for USJE).

Promoting Health & Safety through the Joint Learning Program, I've facilitated three more workshops. These workshops allow me to continuously learn from other and apply that knowledge in my own workplace. I can also bring ideas to our Regional Health & Safety committee, which is helpful in the planning of our Health & Safety conference.

Below is a list of activities, meetings and events I've attended since our last council meeting.

Date	Event	Location
September 16 th	Miramichi Regional Women's Committee meeting	Virtual
